Guangxuan Zhang

20465685@qq.com · Dalian, Liaoning, China · Expected graduation: June 2028

PROFILE

Third-year Software Engineering student at Dalian University of Technology, targeting the SAP STAR Consultant track in Dalian. Turns field evidence into decisions: 334 stakeholder interviews and 81 survey responses became reports, presentations, and a policy brief adopted by a municipal service center. Co-designs AI-assisted tools with evidence checks, refusal rules, and output evaluation. IELTS 6.5; National English Competition for College Students, Third Prize; led 15-person teams and organized 60+ volunteer events.

EDUCATION

Dalian University of Technology — B.Eng. in Software Engineering

School of Software Technology · Sept 2024 – June 2028 (expected)

Coursework: Software Engineering; Data Structures & Algorithms; Object-Oriented Programming; Computer Organization; Probability & Statistics; Entrepreneurship Fundamentals & Practice.

CONSULTING & RESEARCH EXPERIENCE

"Xinju Liaoshen" Integrated-Circuit Talent Study — Research & Documentation Lead

Shenyang, China · Jan 2026

- Contributed to a survey (81 valid responses) and joined stakeholder interviews with the 601 Aircraft Design Institute, Xinyuan Microelectronics, and municipal HR agencies on Liaoning's IC talent pipeline.
- Mapped talent-policy touchpoints across government, firms, and universities; condensed ~40,000 characters of field notes into the evidence base and drafted the policy brief adopted by the Shenyang Social Insurance Service Center.
- Wrote 6 WeChat articles and 2 news releases (China Daily Chinese site; China.com.cn); team won University 2nd Prize and Research Report 3rd Prize; personally named Outstanding Individual (3rd Prize).

"Ziyun Xinghuo" Digital Healthcare — Documentation & Communications Lead

Beijing & Hefei · Jul–Aug 2026

- Co-authored a 10,000-word project plan and separate interview guides for clinicians and community residents; synthesized 334 valid interviews into written deliverables.
- Co-presented at the key-project defense as one of two speakers; team won University 1st Prize; 3 co-construction agreements and 4 appreciation letters.

"Cishen Weiju" Summer Teaching — Deputy Team Lead

Zhuanghe, Liaoning · Jul 2025

- Co-led 15 members for 14 days; co-owned activity organization and discipline, and handled parent/teacher communication; taught all high-school chemistry plus selected math, physics, and primary classes.
- Wrote 13 articles; team won University 2nd Prize and Research Report 1st Prize; personally named Outstanding Individual (2nd Prize); covered by the Dalian Municipal Working Committee for the Care of the Next Generation and Zhuanghe TV.

LEADERSHIP & OPERATIONS

League Branch Secretary — School of Software Technology, Dalian University of Technology

Sept 2024 – present · re-elected 2025

- Lead the "three meetings, two systems, one course" cadence, member development, and reporting; branch named 2025 University Advanced League Branch; 3 university and 1 college outstanding members.
- Run the branch WeChat account (5 articles, 400+ views); organize themed youth-league activities and recommendation-for-Party-membership processes.

Vice President / Officer — Youth Volunteer Association

Sept 2024 – present · promoted from officer to vice president in one year

- Organized 60+ events and participated in 70+, contributing 500+ hours; completed 50 volunteer-hour reports, led 10+ community trips, and managed scheduling, partners, and post-event reporting.

Publicity Committee Member — Class-Level League General Branch

Qiushi 242 (Sept 2024 – Aug 2025); Software 242 (Sept 2025 – present)

- Published 9 articles on the Qiushi College official platform (6 monthly and annual summaries), reaching 6,000+ views; organized publicity committee meetings and managed class-level representatives.

Team Lead — "Lianli Yucai" Alumni Outreach

Northeast Yucai School, Shenyang · Jan–Mar 2025

- Led a 15-member team; built the presentation and a Canva poster; ran a 107-member Q&A group that handled 500+ messages; coordinated the session and final report.

AI & TECHNICAL PROJECTS

Multimodal Reading Assistant for Low-Vision Users — Project Coordinator

Advised by Assoc. Prof. Linlin Zong · Sept 2026 – present

- Coordinate the proposal and project-initiation report for a mobile "photo–read–ask–answer" assistant for medication labels, lab reports, and charts.
- Helped define a dual-channel OCR + multimodal-LLM pipeline with cross-checking, evidence-bound answers, refusal rules, and layered reading; scoped a 1,000-image set and 20-user study for an Android prototype.

STM32 Multi-Sensor Gas Detection System — Team Member

School of Integrated Circuits, Dalian University of Technology · Sept 2025 – present

- Built embedded C firmware and a mobile app/mini-program; sourced and assembled components; "sentinel–confirm" sampling and low-power state machine.
- 2026 China International College Students' Innovation Competition, University Silver Award; 22nd "Dengpan Cup" Innovation and Entrepreneurship Competition, college 3rd Prize.

AWARDS & HONORS

- 2026 China International College Students' Innovation Competition: University Gold Award (underwater robot) and Silver Award (gas detection), both provincial stage; 8th (2025) National Undergraduate Embedded Chip and System Design Competition, North Region 3rd Prize; China Undergraduate Mathematical Contest in Modeling, Liaoning Provincial 3rd Prize (team leader); China Collegiate Computing Competition, Dalian University of Technology 2nd Prize; National College Students' Statistical Modeling Contest, university 3rd Prize (team leader); 22nd "Dengpan Cup" Innovation and Entrepreneurship Competition, college 2nd and 3rd Prizes.
- 2025 Dalian University of Technology Outstanding League Member; 2025 School of Software Technology Outstanding League Member; 2024–2025 Dalian University of Technology Outstanding Young Volunteer; 2024–2025 Three-Star Volunteer; 2024–2025 Dagon College Social Practice Award (Grade A), Culture and Arts Award (Grade B), Organization and Service Award.
- 26th Dalian University of Technology Youth Literature and Art Award: 11 works, all awarded (2 university-level 3rd, 2 college-level 1st, 9 college-level 3rd); 2025 DUT Postcard Design Contest, college 1st Prize; 22nd Dalian University of Technology Programming Contest, Bronze; 16th "DUT Star" Programming Challenge, Bronze.

SKILLS & LANGUAGES

Languages: English (IELTS 6.5; National English Competition for College Students, 3rd Prize); Mandarin (Putonghua Proficiency Test, Level 2A); Recitation Grade 10, China Opera and Dance Drama Theater.

Analysis & communication: stakeholder interviews, survey design, user research, process mapping, data synthesis, report and policy writing, presentations.

AI & prototyping: LLM application design, OCR/multimodal pipelines, evidence/refusal/output-evaluation design, context structuring, AI product scoping.

Programming & tools: C/C++, Java, R; STM32, embedded C; Excel, PowerPoint, Word; Canva, Xiumi, Photoshop.
